Meet the Designer

Terrance Hunt

Terrance Hunt Studio Inc. was founded in 1990 as an industrial design and prototype firm, within the office furniture markets. Working with very talented and experienced computer design and visual renderers, along with outstanding craftsmen, we create visual concepts, prototypes, and fine pieces of furniture. Currently Terrance Hunt Studio has over 250 products under design contract in the office and residential markets. Working with great clients we have received many industry product design awards.

My design expertise concentrates on the mixed media of exotic and domestic woods, metals, glass, upholstery, and fine finishes. The Studio is also involved in design and production of limited edition and one of a kind, fine furniture. The design process begins with market analysis and product brief with the goals of each product. Artist sketches are created for idea generation, then 2D and 3D CAD modeling in Solidworks, and final photo renderings and illustrations. Full and scale models are created with engineering and manufacturing input to have a more producible product.

This is acknowledgement by the transportation company that the shipment has been received by the freight company in good condition and title of the goods and risk of loss transfers to the buyer. The order shall be considered complete.** Prepaid freight does not change the F.O.B. status of the product and risks involved in Invoices relevant to the partial shipments are payable as they fall due.

Freight Terms

All orders under \$2,000 net are subject to a minimum order/additional freight charge of \$275 net; Nevers Industries also reserves the right to establish a freight and fuel surcharge fee to cover variable freight costs. This charge will be established at the time of order.

supply or excessive cost of fuel or raw material, delays from suppliers, compliance with Government regulations, or other unforeseen contingencies. When delays in final product delivery dates are caused on the part of the purchaser, we reserve the right to invoice up to 100% of the remaining contract amount and, in addition, to charge the purchaser any costs associated with delivery delays.

Order Acknowledgement

All orders are subject to final acceptance by Nevers Industries. Receipt of our acknowledgement indicates acceptance of your order subject to our terms and conditions. If pricing on the purchase order is different than the acknowledged pricing, the acknowledgement will take precedence over the purchase order. Nevers Industries attempts to clarify all orders. But in the event of any discrepancy, please notify Nevers Industries immediately. Failure to notify Nevers Industries of a discrepancy within 48 hours will constitute acceptance of the order as acknowledged. All orders are subject to credit approval at any time.

Warranty

Nevers Industries, Maple Grove, MN warrants its products to be free from defects in material and workmanship for a period of 10 years from the date of shipment to the customer.

Our warranty covers Nevers Industries' products used in non-residential locations and assumes typical single-shift workday use with nominal care by the end-customer. Our warranty only applies to new products sold through Nevers Industries' authorized extended sales distribution network in North America. Our warranty is non-transferable from the original purchasing entity or individual owner.

Product options supported installed features, and any other ancillary systems and parts, whether provided by Nevers Industries or supplied by the customer, carry their own manufacturer's or distributor's warranties. These items may include, but are not limited to, natural and engineered stone tops and inlays, metal bases, height-adjustment systems, decorative signage, glass tops or transaction accents, electrical power systems, and/or lighting systems.

In the event of making a warranty claim, it is up to the customer to notify Nevers Industries as soon as possible. Nevers Industries reserves the right to examine the warranty claim and provide an appropriate response. Nevers Industries will then, as our sole obligation, either repair or replace parts, materials, components or other directly associated systems provided by Nevers Industries and any other approved incurred expenses due to the warranty issue. In the case of irreplaceable custom materials, unique processes or vendor-supplied components no longer supported, we will provide alternate, yet equal, solutions.

Any structural modification, dismantling and reinstalling, or improper use or storage of our products may void the warranty. Similarly, failure to control the expressed limits of temperature, humidity, or ambient lighting exposure throughout the life of Nevers Industries products may influence any potential indemnity and/or void our warranty. Additionally, our warranty does not cover: damage during shipping caused by a freight carrier; uncontrollable natural variances in wood grain or texture, finish hue or color; and damage from excessive wear (such as, but not limited to, singular or repetitive scratching or denting from jewelry, writing instruments or other such hard objects), misuse, negligence or modification on the part of the customer.

Nevers Industries herein extends no other warranties, expressed, depicted, or implied, including warranty of merchantability or fitness for a particular purpose. Nevers Industries shall not be liable for loss of time, inconvenience, commercial loss, incidental or consequential damages. No warranties other than those contained herein will be implied and Nevers Industries, Inc. does not authorize any person to create any warranties other than those contained herein.

General Specifications

Wood Veneers

Nevers® products are manufactured primarily of Plain Sliced Mahogany, Walnut, Oak, Cherry, Paldao and Maple. Other woods may be specified. Please contact Nevers Industries for price and availability. Veneer panels are laid up with plain sliced faces and are balanced on back to minimize warping and balance stresses.

Wood Surface Cleaning

Wood furniture should be cleaned with a damp, soft cloth, wiping in the direction of the wood grain. Wood surface should then be dried with a dry, soft cloth. Monthly, wood surfaces should be cleaned with a soft cloth using a quality wood cleaner. Following cleaners' directions, slightly dampen soft cloth and wipe in direction of wood grain. Dry the wood surface with a dry, soft cloth. Ammonia or any type of oil should be avoided.

Standard Wood Finishes

Nevers' standard finish is a multi-step process involving dyes, stain, sealer, toner, and lacquer. For added protection and durability, the final topcoat on all tabletops is catalyzed lacquer. All finishes have been formulated for maximum clarity to enhance the natural characteristics of each wood species. Standard finish is open pore. Semi-filled and filled finishes require an upcharge and may extend the lead time. Please contact Nevers Industries for price and delivery date.

Custom Wood Stains and Finishes

Virtually any wood finish or color sample can be matched to your specifications. A finish sample or stain sample is required from the customer before the process of matching approval can begin. The upcharge for custom finishes varies with the type of finish and with the quantity ordered.

Note: COLOR VARIATION WILL OCCUR IN THE GRAIN OF ALL WOOD SPECIES.

This is an inherent characteristic caused by the annual growth rings found in all hardwoods and the way the boards and veneers are cut across these growth rings. In some species, this color variation is very subtle. In other species this color variation is obvious and at times radical.

The process of finishing hardwood veneers determines whether these variations are enhanced or subdued. Natural finishes will show color variations in the grain and enhance the beauty of the wood to its fullest extent. Other stains and finishes tend to blend in these variations to some extent dependent upon the depth of color and the method of application.
