Personal Lockers

1200 Series Personal Lockers are an essential component of the new office landscape, providing security for personal belongings. Dedicated personal lockers also provide a safe zone between what's coming in from the outside world and the mix of people that reside in the workplace.

As we advance the wellness protocols in the workplace, having fewer personal items at the workstation also enables housekeeping staff to clean and sanitize more effectively. Personal lockers can also be allocated to customers or visiting colleagues who need a place to leave an overnight bag or backpack during their visit.
