Wind™

Wind, a modern classic lounge series with a timeless look.

Classic, contemporary and refined are the words most often used to describe the Wind Lounge Seating series. The simple geometry and slim proportions create a relaxed and open atmosphere even when space is at a premium. Wind Lounge Tables complement the seating series. Matching chrome legs support slim profile tops in

square or round configurations. MDF table tops are available with powder-coated epoxy finishes that feature a reverse waterfall edge or in any standard Global laminate finish with square, self-edge detail.

Bungee tables can be quickly arranged and reconfigured. Bungee cords connect and disconnect tables without the use of tools. The unique bubble mold edging assists in self-aligning the tables when joining them together and minimizes seams for a clean look.
